## SUMMARY

I am a full- stack developer with a background in telecommunications engineering and hands-on experience in development projects. My expertise spans HTML, CSS, JavaScript, TypeScript, React.js, Next.js, GraphQL, Vue, Redux and Node.js, Go, Java, Docker, Express.js, PostgreSQL, MongoDB, Sequelize on the back-end. Working within agile teams like Scrum, I have honed soft skills such as technical problem solving and effective communication. I prioritize efficient delivery and collaborative development in demanding environments.

|                  |   |                        |
|------------------|---|------------------------|
| 7/2023 – 11/2023 | <b>Full Stack Developer</b><br>Bootcamp to become a web developer     | Henry                  |
| 2012 - 2018      | <b>B.S in Telecommunications Engineer</b><br>5-year university degree | University of Carabobo |

## EXPERIENCE

|                                      |  |   |
|--------------------------------------|--|---|
| 2/2024 – Current<br>(6 months)       | <b>Developer Full Stack</b><br><ul style="list-style-type: none"><li>Development and maintenance of user interfaces.</li><li>Backend development and API design using Go.</li><li>Implementation of server-side logic and database interactions.</li><li>Collaboration in design and technical feasibility.</li><li>Management and resolution of issues.</li><li>Presenting and communicating progress.</li></ul> TypeScript, JavaScript, Go, TailwindCss, Next.Js, React, GraphQL, Vue, Docker  |  PriverApp |
| 8/2023 – Current<br>(11 months)      | <b>Network Support Engineer L1   WAN Networks and Telecommunications Equipment Specialist</b><br><ul style="list-style-type: none"><li>Address and resolve network failures including Flex WAN, MacroLAN, router, and switch configurations.</li><li>Experienced in diagnostics and troubleshooting across various devices, including fiber optic equipment, ADSL, and leading vendor technologies (Cisco, Huawei, Nokia, Juniper).</li><li>Prioritize operational continuity by employing agile problem identification and resolution, utilizing tools such as Telnet/SSH and other remote access solutions.</li><li>Teach and mentor new team members, sharing best practices and ensuring they are equipped to handle critical network support responsibilities.</li></ul> Cisco / Nokia / Huawei / Mikrotik / FlexWan / MacroLan / VoIP / SSH / Telnet |  ABAI    |
| 3/2022 – 5/2023<br>(1 year 3 months) | <b>Rollout Manager (ROM)</b><br><ul style="list-style-type: none"><li>Successfully led the deployment of the LTE700 project for Claro in Colombia, ensuring quality and efficiency within established timelines and budget constraints</li><li>Supervised multidisciplinary teams to ensure compliance with quality standards and project schedules, maintaining fluid communication with Nokia and meeting their expectations.</li><li>Optimized resource allocation and demonstrated determination in overcoming challenges, ensuring the timely completion of the project and meeting established deadlines</li></ul> PowerBI / Excel   |  ELETOL  |
| 1/2022 – 2/2023<br>(2 months)        | <b>Technical Project Manager</b><br><ul style="list-style-type: none"><li>Ensured efficient and successful deployments of the LTE700 project for Claro in Colombia, maintaining high-quality standards while controlling time and budget.</li><li>Addressed multidisciplinary teams to guarantee quality and schedule compliance, emphasizing constant communication with Nokia to meet their needs and expectations.</li><li>Coordinated resources, optimized budgets, and effectively addressed challenges, prioritizing quality results and adherence to established deadlines throughout the implementation of the project.</li></ul> KickOff / TDM / TB   |  ELETOL  |

- 9/2019 – 12/2021  
(2 years 4 months)

**Telecommunications Project Coordinator**

- Led the implementation of crucial telecommunications projects at ELET COL, overseeing the installation of over 150 links, including the pioneering 5G equipment pilot in Colombia.
  - Actively participated in the modernization of Claro's network with 5GDSS and the installation of the LTE700 band under Nokia, contributing to improved coverage and technological evolution.
  - Engaged in team coordination, project management, and assurance of quality standards, playing a pivotal role in the success and advancement of Claro's technological landscape in Colombia.

Microsoft Project / Trello
- 2/2019 – 8/2019  
(7 months)

**Facilities Quality Auditor**

- Successfully resolved technical issues as an Installation Quality Auditor, ensuring the adherence to standards in radio base installations.
  - Collaborated with multidisciplinary teams to assess the quality of work, employing strong data analysis skills to interpret technical results and maintain high standards.
  - Demonstrated a proactive and customer-oriented approach during interactions with Nokia representatives and other customers during audits, providing clarity on processes and results to enhance understanding.

Excel / Word / SAP
- 9/2018 – 1/2019  
(5 months)

**Telecommunications Installation Supervisor**

- Coordinated and managed a field team of installers, assigning responsibilities and overseeing the assembly of telecommunications equipment in radio bases.
  - Ensured installations met established standards by providing technical guidance, monitoring progress, and prioritizing work safety to meet deadlines.
  - Reported progress and challenges to management, while maintaining fluid communication between teams. Proactively addressed technical problems to ensure the smooth execution of tasks.
